

Verizon, a worldwide leader in providing quality voice, data and video communications, offers advanced digital services to Belvidere, Illinois. Verizon is the fourth largest publicly owned telecommunications company in the world with annual revenue in excess of \$20 billion. Verizon is also the largest U.S.-based local telephone company, and the second largest cellular service provider in the United States. Verizon is rapidly deploying the fiber optic network of the future across America, to benefit communities, business and residential customers. As a full-service provider, Verizon markets, installs and maintains a comprehensive range of digital PBXs and data products, including local area networks.
